## Viewership

Launched in 2003, [www.fsmmag.com](http://www.fsmmag.com) supports *Facility Safety Management* magazine, a publication that offers innovative information and data for and from leading safety professionals and organizations. Our website receives over 23,000 pages views monthly with an average of 17,000 unique visitors. The new "Buyer's Guide" will have direct access from the homepage of [www.fsmmag.com](http://www.fsmmag.com).

## Mission Statement

Highlighting hundreds of proven businesses and companies from the safety industry, our online buyer's guide offers a direct connection and access to goods and services for today's safety professionals and maintenance managers. The primary goal is to establish a link to products and information from professional firms that will inform and educate our readers with new technology, or methodology to help keep workers and employees safe and healthy.
